Home in Kansas City-Taken to St. Joe Hospital.

Avoiding one engine, Robert D. Brown of Kansas City, Mo., Union Pacific freight train conductor, sustained severe scaip injuries when he was struck by another at the east end of the yards about 8 o'clock this morning. The extent of his hurts are not known. He is now at the St. Joseph hospital, Kansas City.

Dr. Hogeboom, surgeon for the road, who was called, did not know how badly the man was injured after a hasty examination of the wounds, before the man was taken to Kansas City. Mr. Brown was conscious when picked upand was so when the train left with him for Kansas City. Dr. Hogeboom accompanied him.

The freight conductor was with extra westbound Union Pacific freight No. 1721. This train was coming west. Mr. Brown was signaling the freight No. 1710 which was also coming from the west on the track north of him. Thinking he was standing too near the track he stepped backwards. Just then the pilot beam of the engine of his own train coming on the track just south, struck him. His scalp was gashed across the forehead, top and side. Engineer Bradley on 1720 did not see him, it is said, but Fireman Hamilton did. The latter ran to his assistance. Spec-

examination for place as school teacher in Topeka in 1869.

"A few days after I arrived here from Ohio," said Mr. Foucht this morning, "Judge Brockaway, then president of the school board, asked my uncle, Jacob Smith, a former Topeka hardware man, if he knew of an eligible for a school teacher's vacancy. Uncle replied that a nephew of his from Ohio had taught school and was here looking for that kind of a position. I was told to come to the judge's office for examination. There I was introduced to Mr. Davis, another applicant for the place and was told that he was a Washburn graduate. I thought I stood no chance against him, but was given the place for some reason or other afthe place for some reason or other af-ter the examination."
